

Larriken

Larriken is a totally Awesome band from the Sunshine Coast, which have been together since 1998. They've been playing all over the Coast, on and off for about 10 years now. They have finally got their act together and recorded a CD titled "Get a Grip". Larriken will certainly leave an impression, when you check out their heart pumping live shows!! But beware, they are Larriken by nature, as well as by name, so sit back and soak in these tunes, equally as melodic as they are quirky and funny Aussie characters.....enjoy 3:) 🤪 en p
