

MIKENMATT

MIKENMATT are inspired by their fans. MIKENMATT design music to represent their fans in the best possible categories. MIKENMATT want to convey a clear message to the masses about misleading media today and would like to aggressively attack this problem through the modern HipHop avenue. MIKENMATT stand to popularize the right way of American culture and reiterate some lost values in the promise land. MIKENMATT have always stood against fierce resistance through their endeavors and realize that its going to take a strong form of communication to get their points across. These twin brothers are more than ready to tackle the psychology behind some of the underlying key issues in modern day society across the globe. MIKENMATT strongly encourage anyone to ride with them!
